

RETURN ON TRUST

A MEANINGFUL HISTORY. A CONFIDENT FUTURE.

Clark Dodge & Company is proud to announce the formation of Clark Dodge Asset Management, a new direction for one of Wall Street's oldest firms.

Clark Dodge Asset Management is a registered investment advisor with a singular focus on achieving clients' investment goals. We do so while adhering to the 165-year heritage of our founders as well as their cornerstone values of trust, loyalty and integrity.

PARTNERS FOR GROWTH

Clark Dodge Asset Management's investment philosophy is based on a belief that portfolios be well diversified, take a global view of the capital markets and be actively rebalanced to ensure enduring returns.

Each portfolio we build for clients is tailored to their individual needs. Investments are carefully researched and are chosen for their potential for growth, valuation and long-term opportunity.

We focus solely on private, holistic wealth management and our counsel is independent, objective and based on sound research.

EXPERIENCED LEADERSHIP

As President of Clark Dodge Asset Management, Michael R. Sanders brings more than 19 years of investment management experience to his roles as principal and chief investment officer. *"This is an exciting time to launch our firm and we are proud to offer our clients a high-quality service that harks back to the earliest days of Wall Street and a Return on Trust."*
